

## Image Processing Seminar

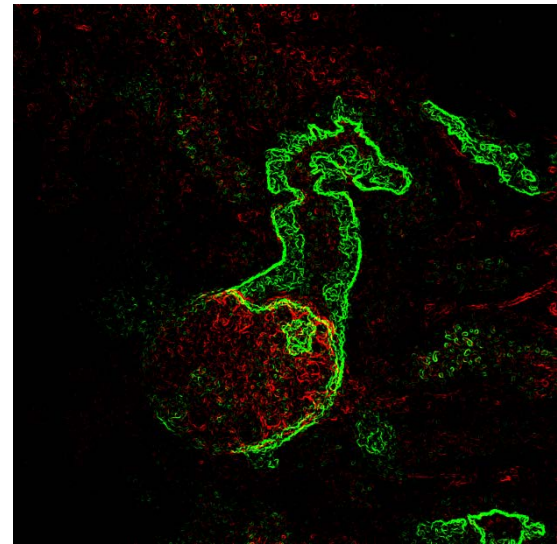

The CFCI will host a seminar series which focusses on microscopic image processing. On a monthly base we will explore how to extract, quantify and present data from your microscopic images.

**“FACS on a slide – automatic analysis of fluorescent and histochemical tissue sections”**

**21<sup>st</sup> of March, 1PM**

**At MTZ, Room D 10.016**

**Speaker: Friederike Kessel**

**We hope to see you there!**

**S. Tulok / M. Gerlach**

Tel: 0351 458-16426
